Re: Express Cash and Phone, Inc. dba Talk Now Telco Revised Compliance
Plan; WC Docket Nos. 09-197, 11-42

Dear Ms. Dortch:

On July 2, 2012, Express Cash and Phone, Inc. dba Talk Now Telco ("Talk Now Telco" or the "Company") submitted its Compliance Plan outlining the measures it will take to implement the conditions imposed by the Commission in its *Lifeline Reform Order*.¹

Talk Now Telco has revised its Compliance Plan to address the Company's intention to begin providing wireless Lifeline services, upon grant of wireless Eligible Telecommunications Carrier designation and approval of its Compliance Plan, and the Company's intent to comply with the Federal Communications Commission's ("FCC") requirements applicable to wireless Lifeline services. These wireless service-related revisions include, but are not limited to, identifying the Talk Now Telco Wireless dba name under which Talk Now Telco will provide its wireless services, detailing Talk Now Telco's proposed wireless service area (Section I.C.), describing the Company's provision of 911 capable handsets and access to 911 and E911 services (Section III), identifying Talk Now Telco's notice of non-usage and de-enrollment procedures (Section V), describing the Company's procedures for activation

¹ See *Lifeline and Link Up Reform and Modernization, Lifeline and Link Up*, Federal-State Joint Board on Universal Service, Advancing Broadband Availability Through Digital Literacy Training, WC Docket No. 11-42, WC Docket No. 03-109, CC Docket No. 96-45, WC Docket No. 12-23, FCC 12-11 (Feb. 6, 2012).

of wireless handsets (Section V), and identifying the Company's wireless Lifeline service offerings (Exhibit I).

In addition, the Compliance Plan has been revised to: (1) confirm that the Company's subscribers may de-enroll from Lifeline supported service at any time by simply calling a Talk Now Telco customer service representative (Section II.A); (2) explain that the Company conducts checks of databases of other companies, with whom Talk Now Telco management has relationships, as an additional means of preventing duplicate enrollment (Section V); (3) note, in Section V, the Company's further efforts to prevent duplicate enrollments by asking applicants if they receive Lifeline services from other major providers by name; (4) explain that employees will emphasize the potential penalties associated with making false statements to obtain Lifeline benefits (Section V); and (5) identify the discounted rates for the Company's wireline Lifeline service offerings (Exhibit I).

Talk Now Telco hereby resubmits its complete Compliance Plan with the above revisions and reiterates its request for the expeditious approval of its Compliance Plan.

This letter and the revised Compliance Plan are being filed electronically for inclusion in the public record of the above-referenced proceedings. Please contact the undersigned if you have any questions regarding this filing.

Telecommunications Carriers Eligible to
Receive Universal Service Support

Express Cash and Phone, Inc. dba Talk Now
Telco (Talk Now Telco)

WC Docket No. 11-42

WC Docket No. 09-197

**REVISED COMPLIANCE PLAN OF EXPRESS CASH AND PHONE, INC.
DBA TALK NOW TELCO AND DBA TALK NOW TELCO WIRELESS**

Express Cash and Phone, Inc. dba Talk Now Telco and dba Talk Now Telco Wireless¹ (“Talk Now Telco” or the “Company”) through its undersigned counsel and by submission of this Compliance Plan, hereby seeks to avail itself of the Federal Communications Commission’s (“Commission”) grant of forbearance from the “own facilities” requirement set forth in 47 U.S.C. § 214(e)(1)(A).² Talk Now Telco’s Compliance Plan is filed in accordance with the

¹ The Company has two assumed names. Talk Now Telco is the assumed name under which the Company is certificated as a CLEC and designated as an eligible telecommunications company (“ETC”) by the Texas Public Utility Commission (“PUC”). Talk Now Telco Wireless is the assumed name for a wireless division of the Company which has a pending ETC designation proceeding at the Texas PUC. *See In re: Application of Express Cash and Phone, Inc. dba Talk Now Telco Wireless for Designation as an Eligible Telecommunications Carrier in the State of Texas*, Docket 40683 (Aug. 28, 2012).

² Although the Company qualifies for and seeks to avail itself of the Commission’s grant of forbearance from the facilities requirement of section 214(e)(1)(A) for purposes of the federal Lifeline program, the Company reserves the right to demonstrate to a state public utilities commission that it provides service using its own facilities in a state for purposes of state universal service funding under state program rules and requirements. The Company will follow the requirements of the Commission’s Lifeline rules and this Compliance Plan in all states in which it provides Lifeline service and receives reimbursements from the federal Low-Income Fund, including in any state where the public utilities commission determines that Talk Now Telco provides service using its own facilities for purposes of a state universal service program.

procedures established in the *Lifeline Reform Order*³ and clarified in the *Public Notice* issued by the Wireline Competition Bureau on February 29, 2012.⁴

Talk Now Telco respectfully requests expeditious approval of its Compliance Plan so that the Company may continue to provide essential Lifeline service to eligible low-income customers in states where it has been designated an ETC and so that it may provide service to additional eligible low-income consumers in the various states for which it may file ETC petitions.

As set forth below, Talk Now Telco will fully comply with all conditions set forth in the Commission's recently amended Lifeline rules and with all pertinent conditions set forth in the *Lifeline Reform Order*. This Compliance Plan describes the measures Talk Now Telco has already implemented or intends to implement to achieve full compliance with the Commission's Lifeline rules and policies. For the convenience of the Commission, this Compliance Plan follows the format established by the Wireline Competition Bureau in the *Public Notice*.

I. INFORMATION ABOUT TALK NOW TELCO AND ITS LIFELINE PLANS

A. Company Information

Talk Now Telco, Inc. is a Texas corporation, with headquarters in Fort Worth, Texas. The Company's President is Brandon Young. The Company has no subsidiaries and operates under the names "Talk Now Telco" and "Talk Now Telco Wireless." Mr. Young also has indirect ownership interests in: (1) New Talk, Inc., which is a competitive local exchange carrier designated as an ETC in Alabama, Kentucky and Texas; (2) Assist Wireless, LLC which is a

³ *Lifeline and Link Up Reform and Modernization et al.*, WC Docket No. 11-42 *et al.*, Report and Order and Further Notice of Proposed Rulemaking, FCC 12-11 (FCC rel. Feb. 6, 2012) ("*Lifeline Reform Order*").

⁴ Wireline Competition Bureau Provides Guidance for the Submission of Compliance Plans Pursuant to the Lifeline Reform Order, Public Notice, DA 12-314 (WCB rel. Feb. 29, 2012) ("Public Notice").

wireless carrier designated as an ETC in Arkansas, Maryland, Missouri, and Oklahoma; and (3) Telecom Ventures, LLC, which is a competitive local exchange carrier in New York and Oklahoma.

On August 28, 2012, Express Cash and Phone filed an application to extend its Texas ETC designation to include wireless service and to expand the Company's designated service territory.⁵ Although Talk Now Telco Wireless is not yet providing service to Lifeline customers, it plans to begin providing prepaid wireless service to non-Lifeline customers within the next 60 to 90 days. At the same time, Talk Now Telco will continue to seek approval of its pending ETC designation application at the Texas PUC. Talk Now Telco requests expeditious approval of this Compliance Plan so that the Company can begin providing much-needed Lifeline services to low income consumers in Texas.

B. Talk Now Telco's Financial and Technical Capabilities to Provide Lifeline Service

Talk Now Telco was designated as an Eligible Telecommunications Carrier and Eligible Telecommunications Provider in the state of Texas on December 4, 2007⁶ in the SBC Texas (aka AT&T Texas) certificated service area. As noted above, the Company currently is seeking to extend its ETC designation to include wireless services which will be provided under the Talk Now Telco Wireless name. Talk Now Telco Wireless already has established relationships with

⁵ See *In re: Application of Express Cash and Phone, Inc. dba Talk Now Telco Wireless for Designation as an Eligible Telecommunications Carrier in the State of Texas*, Docket 40683 (Aug. 28, 2012). Because the original Texas PUC Order granting Express Cash and Phone's ETC designation is silent as to wireless/wireline distinctions, it is unclear whether an additional ETC application is necessary for wireless services. To the extent the Texas PUC advises that an additional designation is not needed, the Company would still pursue grant of the pending application as, explained below, a larger service territory is sought in the new application.

⁶ Talk Now Telco was granted this designation by the Public Utility Commission of Texas in PUC Docket No. 34881 on December 4, 2007.

the vendors that will be necessary to enroll Lifeline customers and process applications and reimbursements. Once this Compliance Plan is approved, Talk Now Telco Wireless should need only approximately 60 days to further train its employees, put up branding and signage in its storefronts, and implement its various systems before it will be able to begin processing Lifeline applications and enrolling customers for service.

Talk Now Telco has access to the experience and expertise of New Talk, Inc., a successful wireline ETC operating in Texas for several years and currently serving approximately 13,000 subscribers in Texas. The management of New Talk, Inc. is available to Talk Now Telco for guidance with respect to serving Lifeline subscribers.

Talk Now Telco is financially stable and fully capable of honoring its service obligations to customers, as well as federal and state regulatory obligations. Although Talk Now Telco will derive revenues from the sale of Lifeline services, the Company will not rely exclusively on USF disbursements to operate. As mentioned previously, the Company intends to begin providing non-Lifeline wireless services in the near future and will have revenues from those services. In addition, Talk Now Telco has access to the financial resources of its investors and thus has access to sufficient capital to fund the Company. Consequently, the Company will not be relying exclusively on Lifeline reimbursements for its operating revenues. Finally, Talk Now Telco has not been subject to any enforcement action or ETC revocation proceeding in any state.

C. Geographic Area of Talk Now Telco's Service Offerings

Talk Now Telco is an ETC designated as such by the Public Utility Commission of Texas in the study areas of SBC Texas (aka AT&T Texas) and, specifically, in AT&T Texas wire centers identified in the application in Texas PUC Project No. 33524. As noted above,

designation in a larger service area (the non-rural wire centers of AT&T and Verizon) is requested in Talk Now Telco's pending Application for Wireless ETC Designation.

D. Talk Now Telco's Lifeline Service Plans

Exhibit 1 to this Compliance Plan contains the Company's Lifeline offerings.

E. Other Certifications Required by 47 C.F.R. § 54.202

The *Public Notice* requires carriers to include certifications required under newly amended 47 C.F.R. § 54.202. Talk Now Telco hereby certifies that it will comply with the service requirements applicable to the support it receives.⁷ Specifically, Talk Now Telco's Lifeline services will: (i) include voice telephony services that provide voice grade access to the public switched network or its functional equivalent; (ii) provide subscribers with a defined number of minutes of usage for local service at no additional charges (as described above in Section I(D)); (iii) provide subscribers with access to the emergency services provided by local government or other public safety organizations, such as 911/E911, to the extent the local government in Talk Now Telco's service area has implemented 911/E911 systems (as described below in Section III); and (iv) toll limitation for qualifying low-income consumers.⁸

⁷ 47 C.F.R. § 54.202(a)(1)(i).

⁸ 47 C.F.R. § 54.101(a); Toll limitation means both toll blocking and toll control, or, if a carrier is not capable of providing both toll blocking and toll control, then toll limitation is defined as either toll blocking or toll control. Talk Now Telco commits to meeting this requirement by offering service on a prepaid, or pay-as-you-go, basis. Moreover, Talk Now Telco's calling plans will include unlimited nationwide long distance, so no customer will have their service turned off or see additional charges for long distance calling. Talk Now Telco will provide this toll control to qualifying low-income consumers at no additional charge. Talk Now Telco Wireless will not provide toll limitation service for its wireless service offerings. Talk Now Telco Wireless, like most wireless carriers, does not differentiate between domestic long distance toll usage and local usage and all usage is paid in advance. Pursuant to the *Lifeline Reform Order*, subscribers to such services are not considered to have voluntarily elected to receive TLS. See *Lifeline Reform Order*, ¶ 230.

II. TALK NOW TELCO'S PLANS FOR COMPLIANCE WITH NEW COMMISSION RULES RELATING TO DETERMINATIONS OF SUBSCRIBER ELIGIBILITY FOR LIFELINE SERVICES

Talk Now Telco will comply with the requirements pertaining to consumer qualifications for Lifeline set forth in new section 54.409 of the Commission's rules⁹ and any state-specific requirements in the various states in which Talk Now Telco has been (or will be) designated an ETC.

A. Talk Now Telco's Procedures to Determine Consumer Eligibility for the Lifeline Program

Section 54.410(b)(1) of the Commission's rules states that, when complying with the requirement to determine a subscriber's initial eligibility for participation in the Lifeline program, an ETC may rely on the determination of a state agency or administrator if that agency or administrator is responsible for the initial determination of a Lifeline subscriber's eligibility. The Texas Lifeline program is administered by Solix, Inc. which conducts the initial eligibility and subsequent verification of a consumer's eligibility for participation in the Lifeline program. Applicants contact Talk Now Telco to request service and, after collecting limited information including the applicant's name, address and date of birth, the Company will direct the applicants to LiteUp Texas, a program administered by Solix, to apply for participation in the Lifeline program. Each month, Talk Now Telco will provide applicant information to Solix. Solix will then identify which consumers are eligible for Lifeline and send a file to Talk Now Telco detailing which of the Company's applicants are eligible to receive Lifeline discounts.¹⁰ If a customer contacts the Company and states that he or she is not eligible for Lifeline or wishes to

⁹ 47 C.F.R. § 54.409.

¹⁰ See, e.g., Solix, Inc.'s Comments in Response to the Federal Communications Commission Notice of Proposed Rulemaking, WC Docket Nos. 11-42, 03-109 and CC Docket No. 96-45, at 2-3 (filed April 21, 2011).

de-enroll for any reason, the Company will de-enroll the customer within five business days. Customers can make this request by calling the Company's customer service number and will not be required to submit any documents. Talk Now Telco will rely on the subscriber eligibility determinations of Solix to comply with its obligation to satisfy subscriber Lifeline eligibility requirements.

B. Talk Now Telco's Procedures for Subscriber Certifications

In the *Lifeline Reform Order*, the Commission established a path for a transition to a national database that will be used to confirm the initial and continued eligibility of a Lifeline customer.¹¹ Talk Now Telco will utilize that database when it becomes operational unless Texas provides a valid certification regarding its database pursuant to Section 54.404(a) of the Commission's rules. Until that time, however, Talk Now Telco will rely on the initial and continued Lifeline eligibility verifications conducted by the Texas USF administrator.¹²

In addition to administering the Lifeline eligibility confirmation and enrollment process, Solix conducts semiannual verifications of Lifeline subscribers' continued eligibility for participation in the Lifeline program. Talk Now Telco will rely on Solix's determination of a subscriber's continued eligibility to satisfy the Company's requirement to confirm initial and continued eligibility of Lifeline subscribers.

C. Talk Now Telco's Procedures for Annual Verification of Lifeline Customers

The *Lifeline Reform Order* and 47 C.F.R. § 54.410(f), require ETCs to annually re-certify all of their Lifeline subscribers by either (1) querying the appropriate eligibility or income databases, confirming that the subscriber continues to meet the program- or income-based

¹¹ See *Lifeline Reform Order*, ¶ 403.

¹² 47 C.F.R. §§ 54.410(b)(1), 54.410(f)(1).

eligibility requirements for Lifeline and documenting the results of that review, or (2) obtaining a signed certification from the subscriber that meets the certification requirements set forth in 47 C.F.R. § 54.410(d). However, ETCs are not required to conduct this annual re-certification in states where a state lifeline administrator is responsible for re-certifications of subscriber Lifeline eligibility.¹³ Solix is the USF administrator in Texas and is responsible for conducting eligibility re-certifications. Consequently, Talk Now Telco will not be required to conduct its own re-certification. Talk Now Telco will rely on any notice from Solix that a customer has failed to meet the re-certification requirements and should be de-enrolled.

III. TALK NOW TELCO'S PLANS FOR COMPLIANCE WITH THE FORBEARANCE CONDITIONS RELATING TO PUBLIC SAFETY AND 911/E911 ACCESS

Talk Now Telco's practices will comply with the 911/E911 access conditions set forth in paragraph 373 of the *Lifeline Reform Order*. Specifically, Talk Now Telco will provide its Lifeline subscribers with 911/E911 access at the time Lifeline service is initiated. Talk Now Telco Wireless will provide its wireless Lifeline subscribers with E911-compliant handsets and replace, at no additional charge to the subscriber, noncompliant handsets of Lifeline-eligible subscribers who obtain Lifeline-supported services. This handset requirement is not applicable to Talk Now Telco's wireline services. Talk Now Telco intends to provide access to 911 and E911 services and commits to the following practices.

Talk Now Telco will provide its Lifeline customers with access to 911 and E911 services immediately upon initiation of service. Wireless subscribers will retain access to 911 and E911 services even if the account associated with the handset is suspended or has no minutes remaining. The Commission and consumers are hereby assured that all Company customers will

¹³ 47 C.F.R. § 54.410(f)(1).

have available access to emergency calling services at the time that Lifeline service is initiated, and that such 911 and E911 access will be available using the Company's services at all times until service is disconnected.

Talk Now Telco will provide access to 911 and E911 services for all customers. The Company intends to use AT&T as its underlying network provider/carrier for its wireline service offering pursuant to its interconnection agreement with AT&T. The Company will use Sprint Nextel ("Sprint") and Verizon Wireless ("Verizon") as the underlying network providers for Talk Now Telco's wireless service offerings. AT&T, Sprint and Verizon will route 911 calls from Talk Now Telco's customers in the same manner as 911 calls from their own retail customers. To the extent that AT&T, Sprint and Verizon are certified in a given PSAP territory, this 911 capability will function the same for the Company.

Talk Now Telco will ensure that all handsets used with the Company's wireless Lifeline service offerings are E911-compliant. The Company will obtain phones from companies that conduct stringent certification processes to ensure the handset models meet all 911 and E911 requirements. Consequently, all subscribers to Talk Now Telco's wireless Lifeline service will be assured of receiving a 911/E911-compliant handset, free of charge.

IV. TALK NOW TELCO'S PLANS FOR COMPLIANCE WITH THE COMMISSION'S MARKETING AND DISCLOSURE REQUIREMENTS FOR PARTICIPATION IN THE LIFELINE PROGRAM

Talk Now Telco's marketing materials¹⁴ for its Lifeline services will state in clear, easily understood language: (1) that the service is supported by Lifeline; (2) that Lifeline is a government assistance program; (3) that the service is non-transferable; (4) that only eligible

¹⁴ "Marketing materials" includes, but is not limited to print, audio, video, Internet (including email, web, and social networking media), and outdoor signage, that describe the Lifeline-supported service offering, including application and certification forms. See *Lifeline Reform Order*, ¶ 276; 47 C.F.R. § 54.405(c).

consumers may enroll in the program; (5) that the program is limited to one discount per household; (6) that documentation is necessary for enrollment; and (7) the Company's Lifeline Application states that consumers who willfully make a false statement in order to obtain the Lifeline benefit can be punished by fine or imprisonment or can be barred from the program.¹⁵ Talk Now Telco also will disclose its name on all marketing materials.¹⁶ A sample of the Company's marketing materials is attached hereto as Exhibit 2.

V. TALK NOW TELCO'S PROCEDURES AND EFFORTS TO PREVENT WASTE, FRAUD AND ABUSE IN CONNECTION WITH LIFELINE FUNDS

Talk Now Telco shares the Commission's commitment to minimize waste, fraud and abuse of Lifeline benefits. Accordingly, Talk Now Telco commits to implementing a variety of measures and procedures intended to prevent duplicate Lifeline benefits from being awarded to the same household or individual.

Prevention of Duplicates within Talk Now Telco's Subscriber Base. Talk Now Telco will rely on the determinations of Solix regarding a customer's eligibility for participation in the Lifeline program, including any determination that a customer's service address is not already receiving Lifeline service. Solix's review and determination of a subscriber's eligibility helps prevent Talk Now Telco from providing duplicate service to a Lifeline applicant.

Talk Now Telco will also conduct real-time scans of its internal subscriber database, as well as the databases of other companies with whom Talk Now Telco has relationships, to flag any duplicate addresses, dates of birth, etc. in addition to conducting manual reviews of its subscriber lists prior to filing its FCC Form 497s in order to ensure that it does not claim subsidies for any duplicate addresses.

¹⁵ *Lifeline Reform Order*, ¶ 275; 47 C.F.R. § 54.405(c).

¹⁶ 47 C.F.R. § 54.405(d).

Service Activation and Non-Usage Policy Although Talk Now Telco's wireline service offerings are prepaid, the Company will assess and collect a monthly fee from each wireline subscriber and Retail Discount Plan wireless subscriber. Customers must pay the fee each month for the services they select and service will be disconnected if the fee is not paid. Customers typically will make payments at retail store locations but they can also be made online, by mail or by telephone. Consequently, Talk Now Telco will have a regular billing relationship with its wireline Lifeline subscribers and the Commission's service activation and non-usage requirements will not apply.¹⁷ Talk Now Telco will not seek reimbursement for Lifeline service for any prepaid wireless subscriber until the subscriber activates the service. Customers initially are provided with a handset that is not fully activated and are directed to activate the handset by whatever means specified by the Company, such as completing an outbound call.

In addition, after service activation, the Company will provide a de-enrollment notice to subscribers that have not used their service for 60 days. After 60 days of non-use, the Company will provide notice to the subscriber that failure to use the Lifeline service within a 30-day notice period will result in de-enrollment.¹⁸ Subscribers can "use" the service by: (1) completing an outbound call; (2) purchasing minutes from the Company to add to the subscriber's plan; (3) answering an incoming call from a party other than the Company; or (4) responding to a direct contact from the Company and confirming that the subscriber wants to continue receiving the service.¹⁹ If the subscriber does not respond to the notice, the subscriber will be de-enrolled and the Company will not request further Lifeline reimbursement for the subscriber. The Company

¹⁷ See *Lifeline Reform Order*, ¶¶ 257, 263. See also, 47 C.F.R. §54.407(c)

¹⁸ See *Lifeline Reform Order*, ¶ 257; § 54.405(e)(3).

¹⁹ See *Lifeline Reform Order*, ¶ 261; § 54.407(c)(2).

will report annually to the Commission the number of subscribers de-enrolled for non-usage by month.²⁰

One Per Household Rule. Talk Now Telco will implement policies and practices in accordance with the Commission’s rules and the *Lifeline Reform Order* to ensure that it provides only one Lifeline service per household. As described above, Talk Now Telco will rely on Solix’s subscriber review and eligibility determinations when offering service to Lifeline subscribers.²¹ When the National Lifeline Accountability Database becomes available, Talk Now Telco will fully comply with the requirements of 47 C.F.R. § 54.404 and will utilize the database to determine if an applicant is currently receiving Lifeline service from another carrier or if another person residing at the applicant’s residential address is receiving Lifeline service unless Texas has provided an approved certification to the Commission pursuant to Section 54.404(a) of the Commission’s rules.

In addition to relying on Solix’s eligibility determinations, Talk Now Telco personnel will emphasize the “one Lifeline phone per household” restriction in their direct sales contacts with potential customers. Training materials will include a discussion of the limitation to one Lifeline phone per household, and the need to ensure that the customer is informed of this restriction. All employees and agents who deal with customers must demonstrate understanding of the Commission’s and Talk Now Telco’s rules and policies by completing the Company’s

²⁰ See *Lifeline Reform Order*, ¶ 257; § 54.405(e)(3).

²¹ A “household” is any individual or group of individuals who are living together at the same address as one economic unit. A household may include related and unrelated persons. An “economic unit” consists of all adult individuals contributing to and sharing in the income and expenses of a household. An adult is any person eighteen years or older. If an adult has no or minimal income, and lives with someone who provides financial support to him/her, both people shall be considered part of the same household. Children under the age of eighteen living with their parents or guardians are considered to be part of the same household as their parents or guardians. See *Lifeline Reform Order*, ¶ 74; § 54.400(h).

Lifeline training. Talk Now Telco's employees and agents will inform each Lifeline applicant that he or she may be receiving Lifeline support under another name and ask applicants if they are receiving Lifeline services from another major Lifeline provider (e.g., SafeLink, Assurance, ReachOut etc.). Employees and agents will emphasize that Lifeline is a government assistance program and willfully making false statements to obtain a Lifeline benefit can result in fines, imprisonment, de-enrollment or being barred from the program.

Finally, if Talk Now Telco has a reasonable basis to believe that one of its Lifeline subscribers no longer meets the eligibility criteria, for example, due to a violation of the one-per-household rule, Talk Now Telco will initiate its termination process in accordance with the procedures set forth in 47 C.F.R. § 54.405(e)(1).

Company Reimbursements from the Fund. To ensure that the Company does not seek reimbursement from the Fund without a subscriber's consent, Talk Now Telco will certify, as part of each reimbursement request, that it is in compliance with all of the Commission's Lifeline rules and, to the extent required, has confirmed with Solix that Solix has obtained valid certification and verification forms from each of the subscribers for whom Talk Now Telco is seeking reimbursement.²² Further, the Company will submit its FCC Forms 497 by the eighth day of each month in order to be reimbursed in the same month²³ In addition, the Company will keep accurate records as directed by USAC²⁴ and as required by new section 54.417 of the Commission's rules.

Annual Company Certifications. Talk Now Telco will submit an annual certification to USAC, signed by a Company officer under penalty of perjury, that the Company: (1) has policies

²² See *Lifeline Reform Order*, ¶ 128; 47 C.F.R. § 54.407(d).

²³ See *Lifeline Reform Order*, ¶¶ 302-306.

²⁴ See 47 C.F.R. § 54.407(e).

and procedures in place to ensure that its Lifeline subscribers are eligible to receive Lifeline services including making an annual attestation that the Company relied upon eligibility information obtained from Solix, Texas' USF administrator with responsibility for making eligibility determinations;²⁵ (2) is in compliance with all federal Lifeline certification procedures;²⁶ and (3) has confirmed with Solix that Solix has obtained a valid certification form for each subscriber for whom the carrier seeks Lifeline reimbursement.²⁷

Talk Now Telco will rely on Solix to provide the results of Solix's annual re-certifications/verifications on an annual basis to the Commission, USAC, the applicable state commission and the relevant Tribal governments (for subscribers residing on Tribal lands).²⁸ Further, the Company will report annually to the Commission the number of subscribers de-enrolled for non-usage by month.²⁹

The Company will also annually report to the Commission, USAC, and relevant state commissions and the relevant authority in a U.S. territory or Tribal government as appropriate,³⁰ the company name, names of the company's holding company, operating companies and affiliates, and any branding (such as a "dba" or brand designation) as well as relevant universal service identifiers for each entity by Study Area Code.³¹ The Company will report annually information regarding the terms and conditions of its Lifeline plans for voice telephony service offered specifically for low-income consumers during the previous year, including the number of

²⁵ See *Lifeline Reform Order*, ¶ 126; 47 C.F.R. §54.416(a)(1).

²⁶ See *Lifeline Reform Order*, ¶ 127; 47 C.F.R. §54.416(a)(2).

²⁷ See 47 C.F.R. §54.416(a)(3).

²⁸ See *Lifeline Reform Order*, ¶¶ 132,148; 47 C.F.R. §54.416(b).

²⁹ See *Lifeline Reform Order*, ¶ 257; 47 C.F.R. §54.405(e)(3).

³⁰ See 47 C.F.R. §54.422(c).

³¹ See *Lifeline Reform Order*, ¶¶ 296, 390; 47 C.F.R. §54.422(a).

minutes provided and whether there are additional charges to the consumer for service, including minutes of use and/or toll calls.³² Finally, the Company will annually provide detailed information regarding service outages in the previous year, the number of complaints received and certification of compliance with applicable service quality standards and consumer protection rules, as well as a certification that the Company is able to function in emergency situations.³³

Cooperation with State and Federal Regulators. Talk Now Telco will cooperate with federal and state regulators to prevent waste, fraud and abuse. More specifically, the Company will:

- Make available state-specific subscriber data, including the names and addresses of Lifeline subscribers, to USAC and to each state public utilities commission where the Company operates for the purpose of determining whether an existing Lifeline subscriber receives Lifeline service from another carrier;³⁴
- Assist the Commission, USAC, state commissions, and other ETCs in resolving instances of duplicative enrollment by Lifeline subscribers, including by providing to USAC and/or any state commission, upon request, the necessary information to detect and resolve duplicative Lifeline claims;
- Promptly investigate any notification that it receives from the Commission, USAC, or a state commission to the effect that one of its customers already receives Lifeline services from another carrier; and
- Immediately de-enroll any subscriber whom the Company has a reasonable basis to believe³⁵ is receiving Lifeline-supported service from another ETC or is no longer eligible – whether or not such information is provided by the Commission, USAC, or a state commission.

³² See *Lifeline Reform Order*, ¶ 390; 47 C.F.R. §54.422(b)(5).

³³ See *Lifeline Reform Order*, ¶ 389; 47 C.F.R. §54.422(b)(1)-(4).

³⁴ The Company anticipates that the need to provide such information will sunset following the implementation of the national duplicates database.

³⁵ See 47 C.F.R. § 54.405(e)(1).

VI. CONCLUSION

Talk Now Telco submits that the foregoing Compliance Plan fully satisfies the conditions set forth in the *Lifeline Reform Order*, the *Public Notice* and the Commission's rules pertaining to Lifeline. Accordingly, Talk Now Telco respectfully requests expeditious approval of this Compliance Plan so that Talk Now Telco will be permitted to provide essential Lifeline service to eligible low-income customers in states where it has previously been designated an ETC and may provide service to additional eligible low-income consumers in the various states for which it may have pending ETC petitions.

Respectfully submitted,

John J. Heitmann

Lifeline Offering

Wireline Offerings

<u>Plan Description</u>	<u>Discounted Price</u>
BRONZE Service	\$17.49 -- No Features
SILVER Service	\$22.49 – Includes Call Waiting & Caller ID
GOLD Service	\$25.49 – Includes 3 Way Calling, Speed Calling, Selective Call Forwarding, Priority Call, Caller ID, Call Waiting ID, Call Waiting, Call Return, Call Forwarding & Call Blocker

Prices reflect a \$15.00 Lifeline discount.

Non-recurring Activation\Connection Fee, Transfer Fee, or Conversion Fee charge applies on all packages.

All rate packages (Bronze, Silver, and Gold) include Talk Now Telco Unlimited Nationwide 800 Access Long Distance*.

*Talk Now Telco Unlimited Nationwide 800 Access Long Distance is included in all Talk Now Telco Bronze, Silver, and Gold local service plans. Talk Now Telco Unlimited Nationwide 800 Access Long Distance plans are for residential customers using normal residential long distance usage patterns (approximately 300 minutes a month), non-business use only, and cannot be used for long distance or local toll access to the Internet or for business purposes such as telemarketing, auto-dialing, or commercial or broadcast facsimile (FAX) where any of these calls would be long distance or local toll calls. Talk Now Telco Unlimited Nationwide 800 Access Long Distance may be accessed by dialing a toll free number. If plan is used for unauthorized purposes, or if qualifying services are removed from the account, the Company may immediately suspend, restrict or cancel the Customer's Service. Talk Now Telco Nationwide 800 Access Long Distance is not a 1 plus toll long distance toll product. Access to 1 plus interexchange carriers may be blocked by Talk Now Telco based on defined criteria.

Wireless Offerings

Talk Now Telco Wireless' Lifeline service offering proposes to give eligible customers three (3)

Lifeline Plan choices:

1. 150 Anytime Minutes Plan. Eligible customers enjoy a free handset, 150 anytime minutes, rollover minutes, free incoming text messages, and free customer care calls.
2. 250 Anytime Minutes Plan. Eligible customers receive a free handset and 250 anytime minutes. Customers will not qualify for the perks listed above, forgoing these for a higher number of minutes.
3. Retail Discount Plan. The third option allows Lifeline eligible customers to choose from any Talk Now Telco Wireless monthly retail plan at a \$15³⁶ discount. Under this Retail Discount Plan, a customer can, for example, pay \$10 additional per month and receive 200 anytime minutes, unlimited text messaging and 200 megabytes of data, plus all the perks listed under the 150 minute plan.

³⁶ Although Talk Now Telco Wireless' current discount offer is \$15, the Company may re-evaluate the discount applied to its retail plans based on the outcome of the FNRPM regarding a change in the federal Lifeline support amount. *See Lifeline and Link Up Reform Order* Section XIII.D. The Company commits to continue to offer a Lifeline discount at a minimum equal to the federal Lifeline support amount, plus any state funds, if applicable.
